Resolution

HITEREES, The American Legion is gravely concerned with the swelling rate of crime in our country, particularly the corrupting influence of organized crime amidst our municipal and private enterprises, and the shocking extent of juvenile participation in crimes of violence which are eroding our greatest natural resource — the youth of our Nation; and

HITTERES, The FBI has been in the forefront in the never ending struggle by law enforcement to stem this ravenous criminality which is undermining the moral and spiritual fabric of our country; and

Interests, The FBI through vigilant, unselfish service to our Nation, has constantly alerted and warned the American public of the great dangers inherent in this cancerous growth of criminality; now, therefore, be it

Resulted, By The American Legion in National Convention assembled in Boston, Massachusetts, August 29, 30, 31, 1967, that The American Legion does hereby commend the FBI for its splendid achievements and offers full cooperation of this organization in the relentless effort to expose organized crime and allay the disturbing trend of youthful criminality.

General Manager, Copley News Service and other news media representatives. The Legion's Public Relations program for 1966-67 was well within the budget requirements and all projects were handled satisfactorily. Press, television and radio handling at the Convention achieved above-average results. Thirty-two of thirty-five members of the Public Relations Commission consisting of newspaper, radio, television and various personalities in industry attended the Public Relations Commission meetings and the Convention. All were assigned specific duties in connection with the Convention.

The Fourth Estate Award was given to The St. Louis Globe-Democrat. Richard Amberg, Publisher accepted the Award and specifically commended the FBI in his response in accepting the award. Amberg was most grateful to the Director for his help in his paper receiving this award.

RESOLUTIONS:

Eleven resolutions concerning the Bureau were consolidated into three strong, excellent ones. These were passed unanimously. One commends the Director on 50 years of outstanding service to our Nation. A second resolution commends the Bureau for vigorously pursuing the fight against crime. The final resolution commends the Director and the FBI for the development of the National Crime Information Center and labeled this as "essential to the effective performance of the nation's law enforcement network in securing the public from unrestrained lawless attacks, and apprehending those responsible for flouting our code of law." resolutions will be put in formal certificate form and copies of them will be forwarded to the Director as soon as they are received from the American Legion after processing. The resolutions received good publicity as exemplified by the attached newspaper clippings.

Other resolutions of possible interest to the Bureau were passed. One was critical of the Supreme Court decisions while another one was most critical of Stokley Carmichael and called upon the Justice Department to vigorously press prosecution of Carmichael for treason or other laws of the land which he has possibly violated. A strong resolution was passed condemning the Students For a Democratic Society.

NATIONAL AMERICANISM COMMISSION:

SA Hanning is a member of this Commission and sat with them during their deliberations August 24-31, 1967. Approximately 90 resolutions were acted upon. Many of these were the resolutions mentioned above concerning the Director. When read on the floor of the Convention, the one concerning the Director's 50 years of service received generous and spontaneous applause. During the Americanism Meeting on Sunday, August 31st, Richard C. Cadwallader of Baton Rouge, Louisiana, who is known as an extreme right-winger and a few others expressed mild concern and puzzlement concerning the Director's stand in testimony concerning riots. SA Hanning took the floor and strongly explained the Director's position and the current situation. All members were satisfied and expressed continued admiration and respect for the Director and his position in this field. I later went before the same group and answered questions for a brief period.

NEW NATIONAL, COMMANDER:

William E. Galbraith of Beemer, Nebraska, was unanimously elected as the new National Commander for the Legion year 1967-68. Galbraith is a rancher, is personally known to me and is a great admirer of the Director and a strong supporter of the Bureau. He will make an excellent Commander. There is no derogatory information concerning him and a letter of congratulations under the Director's signature has already been sent to him.

DeLoach to Tolson Memo

RE: THE AMERICAN LEGION NATIONAL CONVENTION

MISCELLANEOUS:

Of possible pertinent interest to the Director are the following highlights: On Tuesday, August 29th, the Attorney General accepted the Legion Distinguished Service Medal in behalf of his father. His short acceptance remarks were only mediocre; he is not a forceful speaker and his remarks received no publicity. Later that same day, Secretary of State Rusk gave the keynote speech. He was substituting for the Vice President who was forced to cancel out due to the death of his brother. His speech was more or less impromptu and received polite but no enthusiastic applause. General Wallace M. Greene, Jr., Commandant, U. S. Marine Corps, gave a very dynamic speech which was well received by the Legionnaires in attendance at the Convention. General Greene urged support by the Legion and the general public of our fight in Vietnam, urged a step-up of bombings and other steps necessary to bring the war to a rapid conclusion. Since this is the over-whelming feeling of practically all Legionnaires, his talk was enthusiastically received.

Representative Gerald Ford, Republican floor leader in the House also addressed the Convention and called upon all Americans to do everything possible to end the Vietnam war quickly, successfully, and honorably. Senator John Stennis, Democrat of Mississippi, also addressed the Convention and urged a step-up in our activities in Vietnam to end the war as soon as possible. Both were received well by the Convention.

RECOMMENDATIONS:

and SA Coll, who assisted me in a myriad of duties handled their assignments in a splendid manner. They worked long and arduous hours through the entire weekend the Convention was in progress. It is recommended they be commended.

2. Special Agent in Charge James L. Handley of the Boston Office and SA Thomas L. McEnaney spent as much time as possible in assisting us during the Convention. They worked tiresomely despite the many burdens pressed upon them. Recommend they be commended.

Suggest De Louch also be Commended. A

The resolve regarding Vietnam further urged that our military commanders be promptly given whatever ment material and authority are required to bring the war to a speedy and successful conclusion.

SA DONALD G. HANNING EOD 1/6/47, GS-14, \$17,721 Crime Records Division

The purpose of this memo is to recommend that SA Donald G. Hanning, Unit Chief, Research Unit, Crime Research Section, Crime Records Division, be promoted from grade GS-14 to grade GS-15.

SA Donald G. Hanning entered on duty 1/6/47, is in grade GS-14, \$17,721, 53 years old, married and has a BS Degree. Hanning has served as Unit Chief of the Research Unit, the largest unit in the Crime Records Division, since 11/9/56. This unit consists of seven other SA Supervisors, 3 GS-10 clerical writers and other clerical employees. It handles voluminous research and creative writing responsibilities, prepares briefs for the personal use of the Director and other Bureau officials and summary memoranda connected with research projects or for the Director's office. It also conducts background and research data for use in by-line articles and speeches by the Director and handles other file review and memoranda projects. Over the past years, Hanning has also handled liaison contact work with Congress and other high Government officials and during the past 10 years has been very active as a liaison Bureau representative with the American Legion. He has been an officer on the National Americanism Committee of the Legion for many years. Since serving as Unit Chief, Hanning has been censured on three occasions, the latest by letter 5/18/64 and all of these censures occurred as results of errors in correspondence. On the other hand Hanning has been commended on 31 occasions during this same period, the latest by letter 9/13/66 for the fine manner in which he handled his responsibilities relative to the American Legion National Convention recently held in Washington, D. C. He also received one cash award of \$200 by letter 10/15/62. He was rated excellent in his latest annual performance rating 3/31/66. Hanning was last seen by the Director on 2/1/57. The Director stated Hanning made a good personal appearance, seemed to be interested in his work and the Director-would-rate-Hanning RECIME 67-4 above average.

In connection with the proposed promotion of SA Hanning from grade GS-14 to grade GS-15, it should be noted that this would be done on the basis of Hanning's responsibilities and his fine performance over the years and not strictly on the basis

that Hanning is serving as a Unit Chief. The duties performed in the unit handled by Hanning are important as is reflected by the fact that one Agent supervised by Hanning (SA George W. Gunn) is presently in grade GS-15 and another (SA David W. Bowers) is presently in grade GS-15 and has been approved to promotion to grade GS-16 when additional supergrades are made available to the Bureau. At the present time there are 88 Unit Chiefs in the 10 Seat of Government (SOG) Divisions. Of these 88, 5 are in grade GS-15 (SAs Christopher J. Moran, James and Sam Papich), 1 is in grade $_{\rm h6}$ V. Cotter, William E. Clark, GS-16 (SA Bernard M. Suttler) and one is in grade GS-17 (SA Dwight J. Dalbey). b70 The other Unit Chiefs are in grade GS-14. The complexity and importance of the work handled in the various units fluctuates greatly and accordingly it is not being proposed that all Unit Chiefs as such be considered for promotion from grade GS-14 to grade GS-15. In the case of SA Hanning, however, his promotion to grade GS-15 is being recommended due to the complexity and importance of work handled in the unit supervised by him.

RECOMMENDATION:

That SA Donald G. Hanning be promoted from grade GS-14 to grade

I would like to bring to your attention the excellent performance record over the years and the valuable contributions of captioned supervisor in this Division. Mr. Hanning has served in the Crime Records Division since 1953 and has served as the Unit Chief of the Research Unit for the past 10 years.

As Unit Chief, he has supervised and directed the largest Unit, comprising 8 Special Agent supervisors, three GS-10 clerical writers and other clerical employees. The Research Unit is responsible for the heavy research and creative writing responsibilities in the Division including material prepared for law review articles, national publications, and other syndicated outlets; briefs for the personal use of the Director and other Bureau officials; summary memoranda in connection with research projects or for the Director's Office; background and research data for use in by-line articles and speeches by the Director; and the voluminous other file review and memoranda projects within the Division.

In addition to the supervisory competence he has displayed, he has been outstanding in his versatility and usefulness. He is particularly adept and has been frequently commended for public speaking engagements and for conducting special tours for distinguished visitors to Bureau Headquarters. Over the past years he has been very active and valuable in a liaison capacity in the Bureau's interests. He has handled liaison contact work with Congress and other high Government officials and for the past 10 years he has been most active as a liaison Bureau representative with The American Legion. As a matter of fact, he has been an officer of the National Americanism Committee of The American Legion for many years and has served the Bureau extremely well in this capacity.

C. D. DeLoach to Tolson memo RE: The American Legion National Convention

NATIONAL AMERICANISM COMMISSION:

SA Hanning is a member of this Commission and sat with them during their deliberations August 26-September 1. Over 100 resolutions were acted upon. Three separate resolutions were approved concerning the Director and the Bureau. (Copies attached) One commends Mr. Hoover "for his great service to the American people in exposing the fallacies of communism and alerting the American people to its inherent dangers."

A second resolution commends the Director and the Bureau "on meeting the challenge of effectively combatting the everspiraling crime rate by providing increased facilities for law enforcement training of police officers at the FBI National Academy..." This resolution calls the National Academy the "West Point of law enforcement."

The third resolution commends the FBI, Warner Brothers Studios and ABC-TV for the television show "The FBI" for "this worthwhile venture which is a valuable contribution in alerting the public to the dangers threatening our American way of life."

When read on the floor of the Convention these resolutions received generous and spontaneous applause. These resolutions will be sent to the Speaker of the House, Majority Leader of the Senate, Subcommittee Chairman John Rooney, the Attorney General and the President.

Other resolutions of interest to the Bureau were the following: A strong resolution was passed condemning the Student Non-Violent Coordinating Committees (SNCC) and calling for a Congressional investigation concerning them. Numerous resolutions concerning the American Civil Liberties Union (ACLU) were consolidated into one strong one calling for a Congressional investigation of the ACLU, its officers, funds and purposes.

C. D. DeLoach to Tolson memo RE: The American Legion National Convention

NATIONAL CONVENTION COMMISSION:

SA Coll is a member of this Commission. The Commission awarded next year's Convention to the City of Boston where it will be held August 25-August 31. It was tentatively awarded to the following cities for the years indicated: Milwaukee, 1968; Atlanta, 1969; New Orleans, 1970 and Phoenix, 1971.

NEW NATIONAL COMMANDER:

John E. Davis of North Dakota was unanimously elected as the new National Commander for the Legion year 1966-67. Davis is a former Governor of North Dakota, has an outstanding war record and is known to me personally. There is no derogatory information concerning him in Bureau files and while Governor of North Dakota he was most cooperative with our SAC. A letter of congratulations, under the Director's signature, has already been sent to Davis.

MISCELLANEOUS:

Of possible pertinent interest to the Director are the following highlights: On Tuesday, August 30th, the President was the keynote speaker at the formal opening of the Convention at the D. C. Armory. That night at the National Commanders Banquet for distinguished guests, Vice President Humphrey was the speaker. Former Vice President Nixon addressed the Convention delegates at 1 p.m. on Wednesday, August 31st. All three speakers were excellent and received great applause.

The book "The American Legion Story" for which the Director wrote the foreword was put on sale at the opening of the Convention. It is not yet available in bookstores. It sold like hot cakes. I received many compliments concerning it and each time mention was made of the Director's foreword. The National Commander presented a copy of the book to the President and Vice President and former Vice President Nixon when he presented them at the Convention. On each occasion he mentioned the Director's foreword.

Mr. Robert E. Wick Federal Bureau of Investigation Washington, D. C.

Dear Mr. Wick:

I am taking this opportunity to commend, through you, the personnel in the Crime Records Division for the splendid work done in connection with the preparation of comprehensive briefs of interest to the Bureau on a confidential matter.

Everyone demonstrated a high degree of thoroughness, competence and skill in handling individual assignments in this complex and extensive survey and, as a result, contributed much to its expeditious completion. I was particularly pleased with the devotion to duty and enthusiasm demonstrated by all in voluntarily working at much personal inconvenience on this matter. Please convey my sincere appreciation to those who participated.

Sincerely yours,

1 - Mr. Wick (Personal Attention)

As you know, the FHI received outstanding national acclaim and attention from the various news media as a result of the major press release pertaining to the car their ring apprehensions last Saturday morning. You have noted that several of the supervisors in this Section were of great assistance in the handling of this matter.

Special Agent Lawrence J. Liein was on wedlend duty in your office and supervised the preparation of the press release. This was a highly involved matter involving some 125 cars and 10 subjects. Speed, accuracy and material of a newsworthy nature were, of course, the primary consideration. In addition to preparing the press release, Elr. Helm was in constant liaison with the General Investigative Division and the pertinent field offices. He worked closely with the General Investigative Division and the pertinent offices as the arrests were made and, of course, got the release in final form for release to the press. He released the approved statement to the wire services and, throughout the weekend, handled inquiries from news media across the country.

Participating in the final preparation of the release as the arresto were made and in the dissemination of the material to the wire services and the handling of subsequent requests for information were Special Agents Thomas B. Coll and Donald G. Hanning of this Section.

All of the supervisors were at the office very early Saturday morning.

The wide response to this release (cample clipping attached) is a testimonial of the skill, accuracy and good judgment of these three Agents. They all fild a very fine job indeed.

Dear Mr. Hanning:

As commander of the Clark V. Poling Post I wish to express the appreciation of the post and myself for your part in making our program on April 9th a success. Your talk was very enlightening and many favorable comments were made to me about it.

This note of thanks has been delayed by the death of one of our past commanders. You may remember Mr. Frank Skiados who played the piano and also accompanied the group singing. He died from a heart attack later that night.

Thank you again. We would like to have you back in the future.

Sincerely yours,

Commander Ray Lauver

PART I - GENERAL COMMENTS

During the past year, SA Hanning continued to function very satisfactorily as Chief of the Research Unit of the Crime Research Section. In recent months particularly, the work has been exceedingly heavy but the Unit has done an outstanding job keeping up-to-date. During the year many special research projects, such as the preparation of material requested by law reviews, were handled under SA Hanning's supervision.

Mr. Hanning is particularly capable in the handling of contacts and did a splendid job assisting in liaison with American Legion and other veteran groups. He has also been very valuable to the Division in handling contacts with Congress and other Government agencies. He has also assisted very capably from time to time in the office of the Assistant Director in charge of the Division.

During the course of the year, SA Hanning has handled several speaking engagements and the response has been uniformly favorable.

As an illustration of SA Hanning's versatility it might be noted that under date of July 3rd he was commended for his excellent contribution in the handling of a press release involving a major espionage case.

On September 16th he was commended for the outstanding manner in which he functioned in a contact and liaison capacity at the National Convention of the American Legion.

On November 1st, through a letter to his Assistant Director, Mr. Hanning was commended on the handling of another press release involving a major case of an espionage nature.

Donald G. Hanning
Part I - General Comments (cont'd.)

Under date of December 4, 1963, this Special Agent was commended for voluntarily reporting for work on November 25th when the vast majority of Government employees remained off duty because of the assassination of the President.

SA Hanning was also commended on December 17th for his research work on the press release material in the Frank Sinatra, Jr. kidnaping case.

Based on his over-all performance during the year, Mr. Hanning is entitled to a rating of "Excellent" in Grade GS-14.

Dear Mr. Hoover:

I am writing this letter to tell you how much the American Legion Post No. 270, McLean, Virginia enjoyed a speech which was delivered at our Past Commanders' Dinner, February 22, 1964, by Special Agent Donald G. At the conclusion of his talk Mr. Hanning answered questions from the audience for more than thirty minutes. Mr. Hanning is certainly a credit to your fine organization and his unselfish use of his own time to address our dinner is deeply appreciated.

Sincerely yours,

Re: American Legion National Convention

These resolutions were consolidated into one calling for Congressional investigation of this organization. The unanimous resolution was passed condemning appearance of communists on college and university campuses. This resolution quoted the Director twice in reference to the Director's 1963 appropriations testimony. Another resolution severely condemned the Pacifica Foundation and its 3 radio stations. This resolution called for Federal Communications Commission investigation and revocation of license.

The Department of Arizona, The American Legion, had a large booth in Convention Hall lobby containing numerous reprints by the Director on the subject of communism. This booth was prominently visited by numerous Legionnaires. The large sign over the booth read "Fight Communism with FBI and Government Agencies Documented Proof." We received numerous pledges of cooperation from various Legionnaires who attended meetings of the Americanism Commission.

NEW NATIONAL COMMANDER:

The Director has already approved a recommendation that Daniel F.
Foley of Wabasha. Minnesota, the new National Commander, be the speaker at the
graduation exercises of the FBI National Academy on 11-6-63. Foley had only slight
opposition at the Convention. He is cooperative, friendly to the FBI and will be a good
speaker. He is 42 years of age and received his LL.B. degree from Fordham University.
He has law offices in Wabasha and Rochester, Minnesota, and has engaged in numerous
civic activities over the years.

MISCELLANEOUS:

b6 b7C

While in Miami I visited editors of "The Miami Herald" and the "Miami
Daily News." Editor of the "Miami Daily News," is currently laid up with
minor surgery. The Director's regards were, of course, extended. Opportunity was
also afforded to visit a number of commentators and columnists such as
who received the Legion's 'Distinguished Service Medal' this year,
asked that his best regards be given to the Director and stated that he was looking
forward to the Director's speech before the large Catholic youth group when the Director
receives their highest medal in November, 1963, at the Waldorf-Astoria. With the
Director's approval I accepted the Legion's honor "Man of the Year" award at a
ceremony on Sunday. 9-8-63 at the Fontainebleau Hotel. A visit was made to the Miami
Office at which time I met all employees present and made a short talk.

Dear Mr. Hoover,

Recently, the residents of the Northern Virginia area organized and American Legion Post known as the Northern Virginia Post 235, Department of Virginia. We recognized the need for an organization which advocated one-hundred per cent Americanism and Good Citizenship.

Needless to say, organizing a new American Legion post was somewhat complicated and taxed the best efforts of many of the Post members. It was decided to have a real Legionnaire to speak at our first meeting in order to sell the American Legion to new members as well as to invited guests.

Mr. Donald G. Hanning, Agent assigned to National Headquarters, was asked to be our organization meeting speaker. Mr. Hanning gave an outstanding speech. He reflected your interest, Mr. Hoover, in the American Legion by giving specific examples on how the American Legion had added the Federal Bureau of Investigation to detect subversion

TIREE

within the United States. Mr. Henning's remarks were so motivating that many of the newer Legion members were most impressed with the good deeds accomplished by the American Legion.

Mr. Hoover, please convey our appreciation to Mr. Donald G.

Hanning for being our speaker at our organization meeting. Mr. Hanning is a credit to the Federal Bureau of Investigation and to the American Legion. American Legion Post 235, Department of Virginia will always be indebted to Mr. Hanning for a job well done.

"Communism Exhibit - Tour Route, Vice Chairman, Waltham School Committee." WHS:mmh September 28, 1962

Dear Mr. Hoover:

My apologies for not writing sooner to thank you and your staff for the courtesy and hospitality shown us on our visit to the Bureau.

Although you were out of town when we arrived, Mr. Hanning was most cooperative. Please give him our thanks. Agent Bowen, who escorted us through the building, also deserves a word of commendation; he is an excellent guide.

Many features of the Bureau impressed us. Most outstanding to my was the demonstration of marksmanship carried out on the firing range. Of course the fact that was given the silouette target as a souvenir added to his thrill.

Of special significance to me was the vivid display of freedom versus communism. And one phrase has remained in my thinking: the "built-in deficiences of communism." That hits the mark.

After viewing the display and absorbing the impact of the sketches and captions, my thoughts turned to Waltham High School and the space available inside the front entrance. As our superintendent of schools is vitally interested in this type of educational material it seemed natural for me to describe it to him on my return.

The superintendent is enthused about the possibility of installing a replica of the Bureau exhibit.

b6 b7C In this way the most extensive publicity can be given to students, school department staff, and visitors to the building.

Our Vocational High School and the art department are equipped to construct a display of this type, so that the expense will be kept to a minimum.

Could you provide me with a photograph and a printed outline of the component parts?

It is the most effective demonstration of the vivid contrast between freedom and communism that has come to my attention. And it should be widely used.

May I thank you again for insuring us a pleasant and informative visit to the Bureau.

Best wishes for continued success.

Cordially yours,

Waltham School Committee

Memorandum to Mr. Callahan

Re: Incentive Award and Commendation Matter

Mr. Belmont concurred with the foregoing and in addition recommended commendation for Mr. Rosen for personally instructing that ASAC Morgan proceed to Alexandria to take charge of investigation and to search all neighborhood buildings regardless of what had allegedly been done previously. Mr. Belmont also recommended commendation for Assistant Director DeLoach and Inspector Robert E. Wick for their particularly effective handling of the press which resulted in the extremely favorable publicity afforded the Bureau. Mr. DeLoach recommended commendations for Bureau Supervisors Harold P. Leinbaugh and Donald G. Hanning for invaluable assistance in handling press inquiries and dissemination of information to appropriate sources.

It is agreed that appropriate recognition should be given to the above-mentioned key personnel; however, it is felt that the 12 individual commendations recommended for Richmond agents who participated at the scene should be commended along with other Richmond agents who participated through a general letter to SAC since this was a team effort.

BUREAU RECORDS OF AGENTS RECOMMENDED FOR INCENTIVE AWARDS:

ASAC Morgan - EOD 7-7-47, Grade GS 14, \$12,730. Has been ASAC in Richmond since 12-1-60 during which time he has been censured twice and commended twice through his SAC. SA EOD 1-15-40, Grade GS 13, \$12,195. During the past three years commended twice and once through his SAC. No censures. SA EOD 10-30-61, Grade GS 10, \$6995. No censures or commendations. SA Hall - EOD 11-18-46, Grade GS 13, \$11,415. During the past three years commended on five occasions through his SAC. No censures.	
Each of the above was rated Excellent on last performance rating, is completely available and overtime record satisfactory.	
RECOMMENDATIONS:	
(1) That ASAC Harry J. Morgan and SAs Ind Jesse C. Hall, Jr., each be approved for an incentive award in the amount of \$150. (Amount recommended is in line with previous awards granted for similar perform	n-
ances.) (OVER)

General Investigative Division has attached an addendum making further recommendations. I agree with these recommendations as set forth. In addition, I recommend a letter of commendation to Assistant Director Nosen. He personally issued instructions to the field in this matter, instructed that ASAC Morgan come up from Richmond to Alexandria to take personal charge of the case, and issued instructions to ASAC Morgan that regardless of prior searches in the neighborhood Agents should search the buildings in the neighborhood of the children's homes. Immediately upon receipt of word that the little girls had been located, Mr. DeLoach was advised in order that the press could be so informed at once before such information was released from other sources. From my personal observation, Mr. DeLoach took hold of this at once and contacted the press with the resultant extremely favorable publicity, giving proper credit to the Bureau. In addition, he dispatched Inspector Wick to Alexandria to assist in handling the press and photographers at the scene in order to assure a smooth operation. It is my understanding that Mr. Wick arranged that the photograph of the Agents and the little girls be taken by the press, thus again placing the proper emphasis on the Bureau's part in this If therefore, recommend, that Assistant Director XDeLoach and Inspector Wick be commended. Mr. J. Edgar Hoover, Director Federal Bureau of Investigation U. S. Department of Justice Washington, D.C.

Dear Mr. Hoover :

Congratulations on your recent Insurance Company Anti-Commie speech. I have sent for some copies, and here's hoping that everyone in America gets to read your comments.

Sorry that we missed you while we were in Washington earlier this year to show our Anti-Commie Documentary motion picture for the staff of the House Committee on Un-American Activities, and several Congressman friends. However, we did have the pleasure of a short visit with your genial Mr. Don Hanning and asked that he convey our best.

I have just finished the enclosed Chronological Compendium of the COLD WAR and want you to have one of the first sample copies off the press. Inve toyed with the idea of doing something like this for several years because I ve been plagued with the fact that while we are the greatest selling Nation on Earth, we have forgotten to sell the greatest commodity in history, America, and what we stand for. I don't expect that this humble effort will add to my popularity with the other team, but I do feel that possibly themis-informed and Un-informed will get a necessary shock treatment in TRUTH.

In addition to research and writing, I have spent much time in prayerful meditation because I did int want my own opinion of it s value to God, Flag, and Country; to be offset by possible negative reaction from some official circles and start a Diplomatic problem. In any event, I came to to conclusion that as long as I am dealing with the Truth in an effort to sell the Immage of America in contrast to Communism, a privatly written "WHITE PAPER" is in the American tradition of Freedom of expression. Or am I wrong ?

In discussing this aspect with a number of Partiotic friends, the consensus was that a work of this nature was vital and important in our battle of minds with the Commies.

Please be assured that my reason for sending you a copy stems from sincere admiration and profound respect for the great service you are doing for our country, and not in any hope of using any comments you may have publicty in any way. However, any personal advice or suggestion will be greatly appreciated and kept confidential.

Hello "Don"....

The Board of Trustees of the American Legion's Buckeye Boys State and the 1260 citizens of this year's BBS Session thank you for your appearance on the evening of June 19. Your message, as always, was appropriate and very well received as the ovation indicated.

All of us on the Staff are always happy to have you visit our Session a little longer than many of our speakers do who arrive just in time to speak and leave immediately following. My only regret personally is that for the past three years, in my serving as President of the Trustees I just haven't had the time to be a decent host, but will try to make up for it in future years now that Roger Downing takes over from here on as President.

Thanks for delivering the Proclamation to Columbus for me. Thanks, too, for the tape on Communism. It's a good one.

Dear Mr. Hoover:

Prior to the termination of my employment with The American Legion National Organization on July 3, 1962 to accept a career opportunity elsewhere, I would like you to know that I have greatly appreciated the cooperative spirit in which Special Agent Donald G. Hanning has assisted this office through the years. Serving under Assistant Director C.D. We are very fortunate to have been associated with such a fine Bureau official as Mr. Hanning and I personally will always remember his helpfulness and kindness. Even though there will be a personnel change in this office and my official contact with Mr. Hanning will abruptly cease, this will not lessen my genuine friendship with either Don or the efficient organization he represents.

O Regulation

SA Donald G. Hanning was interviewed by the Screening Committee, consisting of Mr. Tayel and myself (Mr. Edwards was absent on official business) on 5/8/62. SA Hanning presents an excellent appearance, possesses a warm, friendly personality, converses well, and gives the over-all impression of an extremely well-poised, mature individual, sincerely interested in the work of the Bureau. He stated he is interested in, and completely available for administrative advancement. For a number of years SA Hanning has handled important high-level liaison work with the American Legion. He has been most effective in such work. In addition, SA Hanning has proven very adept in handling a very large number of Bureau speaking engagements. His file contains many letters sent in by listeners commenting on the excellence of his speeches. Hanning's field experience consisted of assignment in three field offices where he handled some criminal work and also did considerable work in the security field, including some espionage matters. He is certain in his own mind that he could handle the duties of ASAC and he clearly gave every indication of possessing such ability. Although Hanning is not on limited duty at the present time, he is presently under a doctor's care for high blood pressure. He stated his blood pressure has been brought down and the condition was not described to him as being dangerous at the present time. He stated the only reason the doctor could furnish him for this condition was because of nervous tension. He added that this nervous tension undoubtedly goes back to the period when he was a war prisoner of the Japanese as a result of his capture at Bataan. He stated that both he and his wife, * who also was a prisoner of the Japanese, realize the ordeal suffered by them necessarily created such tensions but it has not had any effect upon his work. SA Hanning has had considerable experience in handling personnel. Prior to entering the Bureau he served as Assistant Manager of a sugar plantation in the Philippines, and the total number of employees was around 10,000. Many of these, of course, were natives. SA Hanning created an excellent impression throughout the entire course of the interview, and it is the opinion of the Committee he is very well qualified for further administrative advance-REC-144 ment.

RECOMMENDATION:

That SA Donald G. Hanning be considered very well qualified for further

administrative advancement.

DONALD G. HANNING Special Agent EOD 1-6-47 GS-14, \$12,990

PART I GENERAL COMMENTS

This Special Agent is of medium build, is always neatly groomed in the best of taste and presents a far above-average physical appearance. SA Hanning has a winning personality and is particularly good on contact work. At the present time he assists in connection with American Legion contacts and also contacts on the Hill. He is presently a member of the National Americanism Commission and attends various Legion functions.

During the rating period this Special Agent continued to head up the Research Unit of the section in addition to a number of special tours and speaking engagements. He has filled in from time to time in your office and has done a creditable job. In addition, he has frequently handled Saturday duty.

SA Hanning has been commended on a number of occasions during the past year. For example, under date of September 20, 1961, the Director commended him for the "extremely capable fashion" in which he handled himself at the Annual Legion Convention in Denver, Colorado.

On December 8, 1961, he was commended on his fine handling of a number of arrangements in connection with the Criss Award banquet.

SA Hanning assisted in the preparation of press material in connection with a major investigative matter which occurred in early February. He was commended in this respect on February 5, 1962.

Based on over-all performance I feel he is entitled to a rating of "Excellent" in Grade GS-14.

MISCELLANEOUS:

Dr. Yeh, Ambassador to the United States from Free China, gave keynote speech on opening day of convention which was well received. Curiously, his talk was devoted to the West Berlin situation rather than the Chinese situation.

Incoming Commander Charles Bacon, a prominent Kansas City attorney, has requested that the Director make the keynote speech in Las Vegas during October, 1962. No encouragement given. Bacon was very cooperative.

I was reappointed chairman of National Public Relations Commission and re-elected president of National Vice Commander's for third term. I was also elected president of Department Commander Society for first term. SA Hanning reappointed member of National Americanism Commission. Convention believed highly successful, much good work accomplished and Denver Office of great assistance.

RECOMMENDATIONS:

- (1) That the attached letter be forwarded to former Vice President Richard Nixon, congratulating him on his speech and his kind comments concerning the Director and the Bureau.
- (2) That the attached letter be sent to the Incoming Commander, Charles Bacon, wishing him success and advising him we are sending him an autographed copy of "Masters of Deceit" under separate cover.

Re: American Legion Convention, 9/9-14/61, Denver, Colorado

Special Agent Thomas B. Coll, whom the Director commended recently for his strong leadership in FBI Legion Post #56, was recently appointed Department Adjutant of The American Legion in the District of Columbia. As a result, he holds the second highest post among the 14,000 Legionnaires in the District of Columbia. Coll has an excellent FBI record, is currently assigned as a Supervisor in the Domestic Intelligence Division, is completely loyal and can be depended upon.

ACTION:

If there are no objections, I would appreciate permission to depart Washington, D. C., on the night of Wednesday, September 6, 1961, for Denver for the convention. To assist me at the convention I would appreciate being allowed to take Messrs. Hanning and Coll along to handle the many responsibilities we will have at this particular time. The Director, in 1953, designated Mr. Hanning to assist me in this liaison capacity and Hanning has gone to all conventions since then. I believe it necessary for Agent Coll to also attend this convention not only in view of his position with the District of Columbia Legion but also because of the necessity to have additional assistance at this particular convention.

DONALD G. HANNING Special Agent EOD 1-6-47 GS-14, \$12,730

PART I GENERAL COMMENTS

Special Agent Hanning has an extremely favorable personal appearance and a good personality. He is always groomed in the best of taste and is particularly adept with regard to contact and liaison matters. In fact, at the present time he is on the board of the National Americanism Commission of the American Legion and is a definite asset in the maintenance of helpful contacts in Legion matters.

During the year this Special Agent continued to function very satisfactorily as the head of the Research Unit of this section. An exceptionally heavy volume of work has been handled, at timeswhen the personnel situation was acute. The work has been of far above-average quality and deadlines have been met.

In addition to his regular duties, Agent Hanning has been utilized on real special tours and on speaking engagements. He has outstanding qualifications as a speaker and innumerable favorable letters have been received as a result of speeches given by him. In fact, a high-ranking General at Fort Meade commented during the year that he had listened to a speech given by this Special Agent on the subject of youthful criminality. He described Hanning's speech as one of the most informative and interesting that he had ever listened to. He commented that this Special Agent had made a most favorable impression on him.

Under date of October 24, 1960, the Director expressed appreciation to this Special Agent in connection with his work pertaining to the Director's appearance before the American Legion Convention in Miami, Florida.

On December 12, 1960, Agent Hanning was further commended for reporting for work on that date even though the weather was extremely bad and travel conditions hazardous and despite the fact that the vast majority of Government employees remained at home.

PART I GENERAL COMMENTS (Continued)

Special Agent Hanning had a special assignment on Inauguration Day on the FBI space in the Justice Building. His file reflects that despite the severe and adverse weather conditions he reported for duty on that day and handled his assignment in a commendable manner despite various complications caused by the snow storm.

Based on this Agent's over-all performance, I feel he is entitled to a rating of Excellent in Grade GS-14.

PUBLIC RELATIONS COMMISSION

Dear Mr. Hoover:

american Legion

On behalf of the National Public Relations Commission and the Public Relations staff, I wish to express our sincere appreciation to you for the authorization granted to Mr. DeLoach to take time away from his extremely busy office. to preside over our meetings during the recent National Commander's Conference.

Needless to say, he did his usual superior job.

Since assuming the duties of national chairman of our Public Relations Commission, Mr. DeLoach has added a great deal of stature to the organizational structure and has accomplished normally insurmountable handicaps in "getting the job done."

I am certain, Mr. Hoover, that you would be interested. to know how grateful we are to you for your consideration for The American Legion's programs generally, and specifically for your consideration in the hours that Chairman DeLoach and Don Hanning have given to us over the years.

Further, I am certain it is no surprise to you either, Mr. Hoover, to know that they have reflected great credit on the caliber of men with whom you have surrounded yourself. To the hundreds of thousands of Legionnaires who have observed them under any and all conditions, they have indeed brought credit to the Federal Bureau of Investigation. MAR 21 1961

Again, my sincere thanks.

D. DeLoach FROM NATIONAL EXECUTIVE COMMITTEE MEETING THE AMERICAN LEGION - AM PLOTOR -INDIANAPOLIS, INDIANA 11/14-17/60 The Director approved my attendance, as well as SA Donald G!/Hanning's, at the National Executive Committee meeting of The American Legion in Indianapolis on the days of November 15, 16 & 17, 1960. I spoke to the Commanders and Adjutants Conference (representing the heads of Legion Departments for all states in the Union and nine foreign countries) November 16, 1960. A speech was also made on November 17 before the National Executive Committee in closed session. The budget of the National Public Relations Commission was approved by the Finance Commission and the National Executive Committee for a total of \$290,000. We were able to cut this budget and streamline finances by not only cutting $^{\mathfrak{N}}$ $^{\mathfrak{N}}$ unnecessary personnel but additionally cutting out unnecessary_travel-and-expenditures of that personnel had been making over the years. Chief William Parker of the Los Angeles Police Department requested na permission of the National Commander to make an appearance before the National Executive Committee and discuss his recent trip to Russia. Parker showed up in Z Indianapolis on the morning of November 17, 1960. He was immediately contacted B by representatives of the Public Relations Commission and was told that he must present a prepared speech and the speech would have to be presented for approval prior to his appearance. He immediately dictated a speech, a copy of which is attached, The speech contains no references to a National Crime Commission. It is extremely dry and dull although he does quote the Director in a very favorable manner. I made a point of reminding the National Commander that The American Legion was strongly mandated against a National Crime Commission and he, therefore, might like to mention this to Parker before Parker started "spouting off." I also mentioned in confidence a few facts regarding Parker to the National Commander whereupon I was advised that Parker had been allowed to appear before the National Executive Committee as a "favor;" however, no additional appearances would be made. Parker and the National Commander are both from Los Angeles. Parker specifically requested permission to come to Indianapolis. There will not be a repeat performance. Enclosure l - Mr. Jones CDD:eir (3)

The American Legion Indianapolis, Indiana, 11/14-17/60 Vice President, Seagram's Distilleries, once again rose before the meeting of the National Public Relations Commission and desired to "throw his weight around" in connection with journalism awards for the future. He made two motions on the floor and was promptly out voted each time. In view of the dissension he raised as a result of the trophy given to the Hearst Corporation at the national convention, it is understood that his appointment to the National Public Relations Commission is in jeopardy and will probably not be made again. Past National Commander is to assume the position: as Chairman of the National Americanism Commission. SA Hanning's reappointment as a member of the National Americanism Commission has been insured. is, of course, very friendly. b7C There were many compliments made regarding the Director's speech before the national convention. The Legion currently has received a total of 4,200 requests for a copy of this speech. They have run out of copies and we are taking steps to see that another order is sent them. There were no specific resolutions of interest to the Bureau passed at this meeting of the National Executive Committee. ACTION: For information. 11/18 2 11/17

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. UNITED STATES GOVERTMENT MemorandumMr. DeLoach & DATE: August 23, 1960 TO W.C. Sullivan Tele. Room FROM Gandy SUBJECT: SA DONALD G. HANNING IN-SERVICE TRAINING The above mentioned Special Agent assigned to this Section is, as you know, scheduled for In-Service training September 12. In view of the many major projects which are pending in Hanning's Unit, at the present time and particularly in view of the fact that he will be tied up on many occasions in connection with plans for the Legion Convention in Miami the following month, the thought occurred that it might be well to defer Hanning's In-Service training until later in the year or until after the first of the year. RECOMMENDATION: d SEP 19 That the In-Service Training for this Agent for September 12, MANN JAMES LE Z. 60 8 2 CH be cancelled and that he be rescheduled either later in the year or early Manufact and with the next year. 1 - Mr. Callahan
